Additional important October result

A 56-mile 2024 Porsche GT3 RS Weissach was reported sold for $542,500 on October 6, after a $521,000 high bid and a post-auction offer. We count the confirmed $542,500, not the earlier bid. It is presented separately because the transaction process differs from a simple winning bid.

What is excluded from the sold column

All Las Vegas PASSED lots remain outside sold-price comparables: these include the Aventador SVJ Roadster Lot 146, Porsche GT2 RS Weissach Lot 171, Ferrari 458 Speciale Lot 140, McLaren 720S Spider Lot 138 and Murcielago manual conversion Lot 173. The app does not show a post-auction sale amount or the premium basis; we do not invent those details or call PASSED an unsuccessful hammer price.

Methodology: two distinct auction sources

Bring a Trailer public transaction results and the October 31 Broad Arrow Auctions Past Lots app readout are credited separately. The Broad Arrow prices on this page are the numeric SOLD values displayed in the user-supplied November 1 recording and are not labeled as hammer-only or premium-inclusive. Presale guides are not accepted as completed transaction amounts; any later amended official results should supersede the snapshot.

Source clarity: official app result snapshot

Las Vegas October 31 results cited here are the SOLD amounts or PASSED statuses visible in the Broad Arrow Auctions app recording supplied by The XII Reserve on November 1, 2026. The captured Past Lots view does not say whether a displayed amount is hammer-only or includes buyer premium; figures are therefore described as app-reported sold amounts, not hammer prices. Pending any later official corrections, this is a dated snapshot, not a certified final financial settlement.
